Revision of Family Pension.

We are very glad that IBA has given instruction to all member Banks, who were parties to the 11th Bipartite Settlement for implementing the revised Family Pension after placing the matter before the Boards of respective Banks. We have been following up the matter with our HR Dept. and are very glad to inform that our Bank is taking all out efforts to release the revised Family Pension in the month of November 2021, along with arrears from 1st April 2021. This is a great solace to thousands of family pensioners who were getting a meagre family pension which was not at all sufficient to have a decent living in their old age coupled with the ill fate of pre deceased earning spouse. We take this opportunity to thank the Federal Bank authorities for taking a very positive attitude on this vital issue.
